The Office or Regulatory Staff (“ORS”) submits this Response to the Petition for Reconsideration of Public Service Commission (“PSC”) Order Number 2006-515 filed by Time Warner Cable Information Services (South Carolina), LLC (“TWCIS”) on October 2, 2006.

The Order’s Interpretation of 47 U.S.C. § 251

TWCIS argues that the PSC incorrectly interpreted 47 U.S.C. § 251. The disputed language in the Commission’s Order reads as follows:

“Sections 251(a), (b), and (c) each impose interconnection duties upon incumbent carriers. Rural carriers are exempt from the obligations of subsection (c), but must still negotiate interconnection with other telecommunications carriers upon request under subsections (a) and (b), *if the Commission determines that the rural exemption does not apply.*”

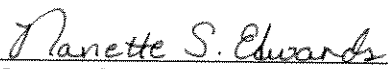

Order No. 2006-515, p. 8-9 (emphasis added). ORS agrees with TWCIS that the statement would be a correct statement of the law if the italicized clause was omitted. 47 U.S.C. § 251 (a) imposes a basic interconnection duty on all telecommunications carriers, and there is no subsequent subsection that permits a state commission to modify or suspend that duty. Subsection (b) imposes additional interconnection duties that *remain in force* until a state commission modifies or suspends them upon petition by a rural carrier as described in § 251(f)(2). Subsection (c)'s duties *do not arise* until a rural carrier's exemption has been terminated by the state commission per § 251(f)(1). ORS agrees that the Commission should clarify its language to avoid confusion in future interconnection proceedings.

This error, however, was harmless to TWCIS because it is not entitled to any § 251 rights unless it is found to be a "telecommunications carrier" offering "telecommunications services" under the Act – a finding this Commission has not specifically made in light of the FCC's *Vonage Order*.

Conclusions

ORS respectfully submits that the language in Order No. 2006-515 interpreting 47 U.S.C. § 251, as discussed above, should be clarified to avoid confusion.

Dated this 16th day of October, 2006.
